DONATION

When someone new to your team joins Enagic (they don't have to be your direct recruit), you can use your E-points for a 10% down payment towards the new distributor purchase.

In other words, the new distributor pays 90% of the machine price and the remaining 10% in form of E-points from the Donator.

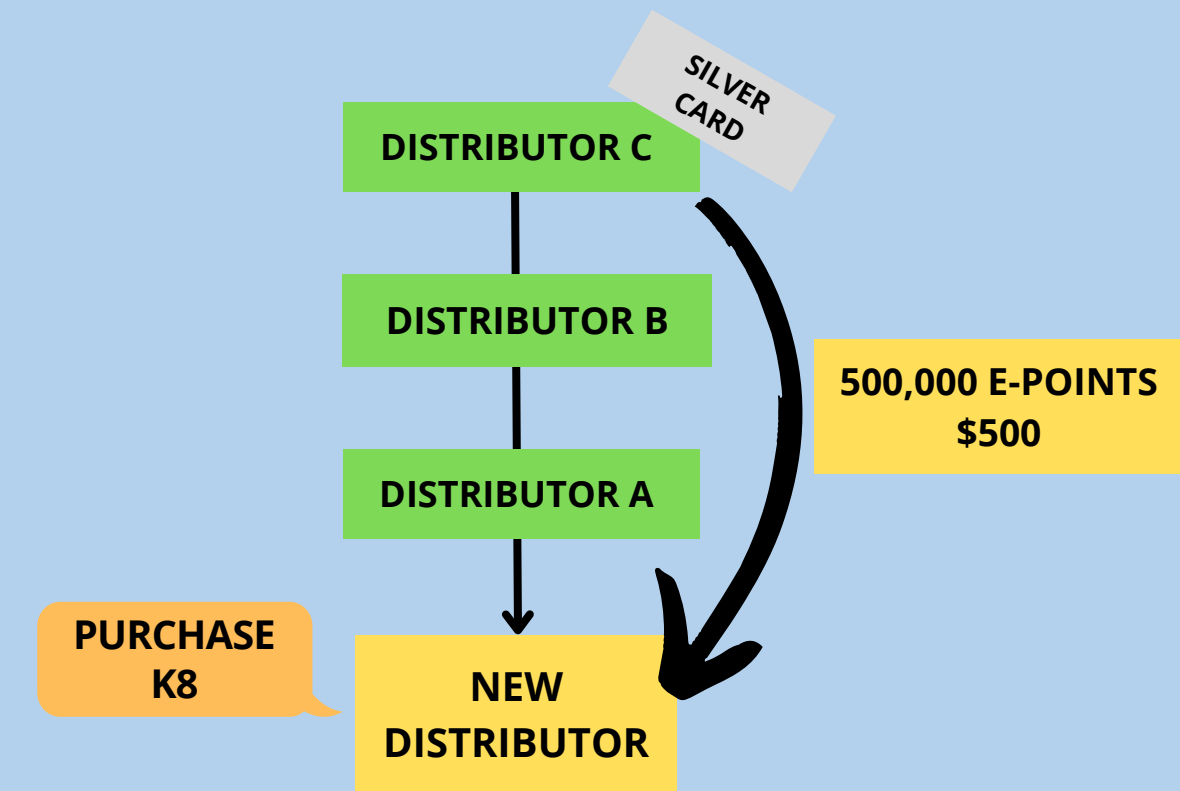

The donation doesn't include tax and shipping.

The E8PA member/sponsor will donate a fixed number of E-points.

For example:

- A new distributor wants to purchase a K8 from Distributor A. The upline Distributor C can donate \$500 (500,000 E-Points) towards the purchase.
- Then, the new customer will pay full amount (machine price + tax) - \$500.
- The E8PA Office will deduct 500,000 E-points from the Donator.

DONATION BY COUNTRY

*Since the down payment with installment varies and the donated amount cannot be over the down payment, please check if the donation is possible or not.

For more information, please contact E8PA Office or your Branch representative .
